THAT SAMOAN REVOLT

German Consul Blamed For the Sensational Affair.

ADMIRAL KAUTZ EXPLAINS.

Uprising Fomented by the Former Issuing a Proclamation Which Took Issue With the American and British Ultimatum.

Washington, April 3.—The secretary of state has received from the secretary of the navy a telegram addressed to him by Rear Admiral Kautz relative to Samoan matters. It is dated Newcastle, N. S. W., March 30, 1899, and reads as follows:

"Mataafa people obeyed orders to leave government reservation. Since then have become aggressive, killing Private Holloway and three British sailors. Our man killed was guarding American consulate; German consul general issued incendiary proclamation saying that my proclamation was untrue and he should uphold provisional government. The British forces act in concert with the United States, shelling rebels where they can be reached."

A copy of this dispatch was sent to the German ambassador.

An English Suggestion.

London, April 3.—The Times, in an editorial on the Samoan controversy, says: "We do not suppose that England will offer an objection to the joint commission proposal. Although Admiral Kautz's downright fashion of saying what he means is ill adapted to soothe the susceptibilities of others, his dispatch has the merit of raising a direct issue. Probably the best way of securing a modus vivendi would be a general change in personnel until a more permanent arrangement can be made."

Loss to English Shipping.

London, April 3.—The hurricane weather on the Atlantic and the consequent losses to shipping have called attention to the board of trade's action in abolishing the winter North Atlantic mark for vessels over 330 feet long, and an agitation for its re-establishment has begun. Since Jan. 20, nine steamers of 26,754 tons, of £529,000 in value, and having 300 persons on board, have been lost. It is added that they were all classed 100A at Lloyds, but it is believed they were exempt from the winter North Atlantic mark.

Chinese Gambling Dens Raided.

San Francisco, April 3.—The squad of police under Lieutenant Esola, detailed to suppress gambling conducted in alleged clubs in Chinatown, made a successful raid. The doors of the Chinese Merchants' Exchange and the United Social club were broken down with axes. Thirty-two Chinese gamblers and \$1,000 in cash, besides a complete fan-tan layout, were secured. Chief of Police Lees expressed his determination to close all the Oriental gambling dens in the city.

Must Pay Local Taxes.

Des Moines, April 3.—Judge Prouty decided in the district court an important point affecting all insurance companies in Iowa. He held that under the constitution of the state they must pay local taxes, the same as individuals, and that the statute provision exempting them from local taxation, in lieu of a 1 per cent state tax upon their gross earnings is invalid, though in existence 10 years. The decision increases the taxable property in Polk county alone \$900,000.

Attempted to Escape.

San Francisco, April 3.—Miss Lily Post, the demented actress, who was confined Thursday night, made a frantic effort to regain her liberty while on the way to a private asylum for insane persons at Liverpool. She leaped from a carriage and almost succeeded in escaping from her attendants. Overstudy in her profession is given as the cause of her derangement.

Caught in the Act.

Norristown, Pa., April 3.—Edwin Munshower, a discharged letter carrier, was caught in the act of robbing the Norristown postoffice. The chief of police and Postmaster Brownback made the capture. The prisoner said he had robbed the postoffice 13 times during the month of March and six times in February.

Washington, April 3.—The president made the following appointments: Charles J. Green, to be receiver of public moneys at Natick; John Wehr, naval officer at the port of New Orleans; Wilbur T. Gracey of Massachusetts, to be marshal of the consular court of the United States at Fuchan, China.

Washington, April 3.—A cable message was received from Admiral Dewey announcing the arrival at Manila of the Celtic, a naval store ship.

TOOK HIS OWN LIFE.

Tragic Ending of Rear Admiral Carpenter at a Health Resort.

Boston, April 3.—Rear Admiral Charles C. Carpenter, United States navy, retired, committed suicide at a sanitarium in the suburbs. The admiral had been in ill health for some time.

Charles C. Carpenter was born in Greenfield, Mass., Feb. 27, 1834. He was appointed a midshipman from this state Oct. 1, 1850. He served valiantly throughout the civil war and was retired in 1896, after 46 years of continuous and honorable service. During the Spanish war he was recalled from his retirement to act as commandant of the Portsmouth navy yard in place of Commodore Remy, who had hoisted his flag on the receiving ship Lancaster at Key West.

Battle With the Waves.

Halifax, N. S., April 3.—The schooner Gleaner, laden with coal, was last week given up as lost with all hands. Sunday the crew reached Parrsboro with the news that their vessel foundered in the bay of Fundy during the hurricane on Wednesday last, the men being barely able to take the boats and abandon the schooner before she was engulfed by the high-running sea. They were then four miles from Isle Haut, which they reached after eight hours of hard rowing through the storm.

After Cuban Bandits.

Santiago, Cuba, April 3.—Five more bandits have been captured, including Naimon, a noted desperado. The others who have been infesting the San Luis district seem to have removed their operations to the north. A body of armed men a few days ago attacked two Americans in the neighborhood of Holguin, took their arms and horses, and then went still further north to rob the lighthouse at Gihara. Colonel Grubb of the Second Immunes has gone in pursuit.

Killed His Wife and Relatives.

New York, April 3.—John J. Schmitt, 35, a Williamsburg tailor, while in a fit of jealous rage, shot and killed his mother-in-law, his wife, his sister-in-law and his brother-in-law, and ended by firing a bullet at his 1-year-old infant. Schmitt had been separated from his wife for some time, and went to the home of her mother, Mrs. Anna Wild, to effect a reconciliation. The wife refused to return to him, and a quarrel ensued with the above result.

Appeal of Finlanders.

New York, April 3.—The Finnish-American central committee recently appointed by the Finlanders resident in the United States to organize opposition in the western hemisphere to the czar's recent ukase for the Russification of Finland, issued an address to all Finlanders in the United States and Canada, calling upon them "to rise up as one man, strong in the knowledge of the righteous cause, and uphold their sacred rights before the world."

Political and Social Scientists.

Philadelphia, April 3.—The third annual meeting of the American Academy of Political and Social Science will be held on Friday and Saturday of this week, with sessions afternoon and evening of each day. The meeting promises to be the most interesting held by the academy. On Friday afternoon the topic before the meeting will be "The Government of Dependencies," upon which prominent people will expound.

Buried With Honors.

Geneva, N. Y., April 3.—The funeral of the late Lieutenant Colonel John M. Hamilton of the Ninth regular cavalry, who was killed while leading his regiment up San Juan hill on July 1 last, was held from the state armory here. The service was attended by about 2,500 people. Flags floated at half-mast from the public buildings, and the Grand Army and local militia companies formed the escort.

To Spite His Father.

Crawfordsville, Ind., April 3.—Will Woods, 20, son of Robert Woods, a timber dealer, suicided to spite his father, with whom he had just had a quarrel. They were at work, when the son addressed his parent so disrespectfully that he was threatened with discharge. Angriily retorting that he would quit, Woods put on his coat, and drawing a revolver, shot himself fatally.

Cuban Customs Receipts.

Havana, April 3.—The island government, as administered by the United States military authorities, has yielded for the first quarter \$3,500,000 as customs receipts. Of this amount \$2,100,000 has been spent, the city of Havana getting \$1,100,000 and the city of Santiago \$259,000. Each provincial governor received all he asked.

One Convict Killed.

Little Rock, April 3.—Six convicts escaped from the Choctaw and Memphis railroad convict camp, 12 miles north of Little Rock. James V. Burrill of Pope county, sent up for three years for bigamy, was shot and instantly killed by the guard.

OHIO'S CITY ELECTIONS

Factions Strive For Control of Municipal Machinery.

OUTCOME OF VITAL IMPORT.

It Will Have Strong Bearings on State and National Politics During the Next Two Years—Some Political Predictions.

Cincinnati, April 3.—While the municipal elections in Ohio are for local offices, yet they have strong bearings on state and national politics, and also on factional interests in both parties. The municipal machinery will have great influence in the selection of delegates to the state conventions to be held next month or later, and the candidates for the gubernatorial and other state nominations are conducting aggressive canvasses now in connection with these municipal elections.

The hearing on national politics is seen in Senator Foraker's presence and interest in the course of events. If a Republican governor should be elected next November who is unfriendly to the senior Ohio senator, that governor would no doubt be at the head of the state ticket for his session term two years hence, when members of the legislature are elected to choose the successor to Foraker. And the friends of the national administration want a solid Ohio delegation to the national Republican convention a year hence.

The Republican candidate for mayor of Cleveland, the home of Senator Hanna, is Robert McKisson, who was the fusion candidate before the legislature in January of last year for senator against Senator Hanna. It is stated throughout the state that McKisson is running for a third term not for the mayoralty alone, but also for the purpose of opposing President McKinley. Senator Hanna and others in the Ohio state conventions this year and next year, and of controlling the four delegates from the Cleveland districts, and if possible other delegates to the national convention next year.

An Easter Blizzard.

Pierre, S. D., April 3.—A furious snowstorm has been raging here, about six inches having already fallen, with more in sight. It is drifting badly, and the temperature is falling. This, in connection with the snow already lying on the ground in this section of the state, creates a serious condition for stockmen to face, as the long period for which winter has held on here has prevented the cattle from grazing, and the hay supply is practically exhausted.

Marines in a Row.

Havana, April 3.—A slight conflict occurred between the police and some marines and sailors of the Resolute. The appearance of General Ludlow and the police reserves quelled the disturbance. It is asserted that the marines were more or less intoxicated, that one of them raised a row, that the police interfered, and that thereupon the companions of the intoxicated marine set upon the police.

John Bull's Request.

Peking, April 3.—The Hongkong authorities are pressing for an extension of the territory ceded to Great Britain by the treaties of Canton and Nanking, on the ground that more land is needed for government buildings. They propose to build a custom house for the collection of Chinese revenues, and promise to increase the opium duties £40,000 annually if the extension is granted.

Crops In Cuba.

Havana, April 3.—Agricultural conditions throughout the island are improving. The tobacco crop is good, and Guines, the market garden of Havana, will put on the market in a few days 40,000 barrels of Irish potatoes at \$3 a barrel and 30,000 pounds of onions at 2 cents a pound. A large proportion of both will be supplied to the American troops through the commissary department.

Village Guttered by Fire.

Parkersburg, W. Va., April 3.—The town of Davis, W. Va., was almost entirely destroyed by fire, which broke out in the Republican newspaper office. The office, Lashley Bros.' store, Hamby & Potter's store, Yee Yow's laundry and Allie Lewis' millinery establishment were destroyed. Loss, \$10,000, partially insured.

First Texas Boys.

Gaiveston, April 3.—The First Texas regiment arrived here from Cuba with a clean bill of health. The soldiers were released from quarantine at once. They will be mustered out in about 10 days.

To Restore the Old Wage Scale.

Somersworth, N. H., April 3.—The Great Falls Manufacturing company will restore the wage scale of 1893. Over 2,200 hands are employed in the mills. Cotton goods are made.

SHE GOES FREE.

Release of Mrs. Fayne Strahan Moore on the Larceny Charge.

New York, April 3.—Justice Ceott, in the supreme court, released Mrs. Fayne Strahan Moore on her own recognizance on the charge of larceny of silverware from the Waldorf Astoria. This action was taken on the application of the district attorney. Mrs. Moore had been previously released on the indictment charging her with extortion. She was under \$1,000 bail on the larceny charge, but the hotel proprietor having recovered all the silverware exhibited no inclination to press the charge. This ends a series of protracted efforts to obtain Mrs. Moore's release. She was not tried on the extortion charge, on account of the absence of Martin Mahon, the complaining witness. For "hagering" Mahon Mrs. Moore's husband is now serving his term in Sing Sing prison.

Did Not Arrest Americans.

New Orleans, April 3.—Advices from Bluefields, Nicaragua, under date of March 25, tell of the wholesome effect of the determined stand taken by this government in the protection of its citizens abroad on the petty dictator General Torres, now in control of the coast. He has been arresting hundreds of natives for alleged participation in the Reyes revolution, and when asked why he did not arrest some Americans who were supposed to have taken a leading part, said: "I would like to very much, but Honduras tried that sort of thing, and managed to get into serious trouble."

Attacked the Kidnapers.

Chicago, April 3.—Louis Lapiner, father of little Gerald Lapiner, who was abducted Decoration day, created a scene at the Michigan Southern depot, when Sergeant Broderick alighted from the train with the two alleged kidnapers, John Collins and Ann Ingersoll. "So that is the woman that stole my boy," shouted Lapiner. "Let me at her; let me at her." Lapiner put his clenched fist against the woman's breast and gave her a shove, when Sergeant Broderick interfered.

Strike of Miners.

Birmingham, Ala., April 3.—About 2,000 iron ore miners, employed at Fossil, Musada, Redding, Wade's Gap and Alice, and the coal miners working at Hargrove and Bell Ellen, in Bibb county, went on strike. The cause of the trouble at the ore mines is said to be inequity in the check system. The coal miners struck because the day laborers did not receive the advance accorded the miners on March 1. The supply of iron ore is cut off by the strike 100 cars a day.

Went Saturday Afternoons.

Detroit, April 3.—Upward of 100 employees of the Richmond & Baekus Company, stationers and book manufacturers went on strike, because the company announced that the winter arrangement of working hours would continue until further notice. According to the order, the total of hours work per week was unchanged, but the employees contend for no work after 1 p. m. Saturdays, which has heretofore been the practice in summer.

A Steamer Sunk.

Dover, England, April 3.—The German steamer Pontos, from Rosario, about Feb. 24, has been sunk in the channel after being in collision with the British steamer Star of New Zealand. The boats of the Star of New Zealand were stove in and she is returning to London. The Pontos had on board a cargo of cattle, 1,000 sheep and a quantity of wheat. The crew and six passengers, numbering 50 men, were saved.

Brewing Company Assigns.

Louisville, April 3.—The Schaefer-Meyer Brewing company filed a deed of assignment to the Columbia Finance and Trust company. The assets are roughly estimated at between \$250,000 and \$300,000. Liabilities are about \$130,000; \$75,000 of which is secured. The immediate cause of the assignment was a matured obligation of \$30,000 to the Third National bank. This is secured by a second mortgage.

Suicide of Manager.

Dallas, April 3.—Manager Bryant of the Southwestern Telephone and Telegraph company at Hillsboro committed suicide by shooting himself through the heart. It develops that his accounts with the company are several hundred dollars short. The auditor of the company was checking up the office accounts when Bryant killed himself. He leaves a widow and one child.

Southport, N. C., April 3.—Army officers have decided to establish here a camp for soldiers returning from Cuba while their baggage is undergoing fumigation. Grounds near old Fort Fisher will be used for this purpose.

Formerly of Ohio.

New York, April 3.—Christian Feigenspan, a wealthy brewer of Newark, N. J., died of pneumonia. He came to America in 1866, first settling in Cincinnati.

ITS BACKBONE BROKEN

Rumors of an Early Collapse of the Philippine Rebellion.

MANY REBELS WAIT TO QUIT

However, Well-Informed Spaniards Believe a Guerrilla Warfare Will Be Carried on Indefinitely—Troops Harassed Day and Night.

Manilla, April 3.—The American troops under General McArthur are still resting at Malolos, where everything has been quiet.

Hostilities have been limited to an occasional exchange of shots between the insurgents and the troops forming the lines of Generals Lawton and Hall, extending from the water works to La Lonia. But this shooting has been just active enough to make the lives of the soldiers a burden and to compel the officers to sleep in trenches, clothed and in readiness to repel possible attacks.

Most of the Americans are becoming convinced that the backbone of the insurgent opposition is broken. There are numerous rumors pointing to an early collapse of the insurrection. One of these is that General Pio del Pilar, the best fighter among the Filipino officers, will desert Aguinaldo and give his support to the Americans.

The Spaniards, reasoning from their experience of the natives, refuse to believe that the rebellion is anywhere near put down. They declare that the Filipinos will not take their defeat at Malolos, with the loss of the city and the removal of their so-called government, seriously to heart. On the contrary, the Spaniards predict that the insurgents will hover near the American lines, hithering them as much as possible, and when attacked in force dissolve, only to reappear at other points. This sort of tactics, the Spaniards say, will be followed until the wet season compels the Americans to be housed in barracks, and then the Filipinos will return and reoccupy such towns as the United States troops do not garrison. With the next dry season a repetition of the operations will begin.

A priest and two members of the so-called Filipino congress, who hid themselves in the woods during the fighting which preceded the capture of Malolos, returned there and declared that 2,000 of the Filipino soldiers were anxious to give up fighting, and would do so but for their officers, who keep them under arms.

The whole country between Malolos and Caloocan is now full of friendless women, children and old people, who are returning to their homes carrying white flags. The Americans are trying to gain the confidence of the inhabitants by proving to them that if they will return and attend to their ordinary work, peacefully, no harm will befall them. Two thousand women and children, with a sprinkling of unarmed men, supposed to be warriors, came to the outskirts of Malolos on the seaside of the city, and afterward sneaked away, carrying all the goods they could.

Will Fight to the Last.

Paris, April 3.—Agoncillo, the agent of Aguinaldo, in the course of an interview, says: "The capture of Malolos is not as important as the Americans are trying to make it appear. The Filipino government had previously determined upon the removal to San Fernando, and a small detachment of troops was left with orders to burn the town, and thus to draw the Americans inland. Two months of rain and fever will save the Filipinos their ammunition and a good deal of trouble, and the war will not end while a single Filipino remains to bear arms."

Cuba's Corrupt Judiciary.

Havana, April 3.—Bribery and fraud direct the Cuban courts. This is the firm conviction of the military administration. Governor General Brooke is taking the matter up, and intends to clean out the corruption, to revise the judicial procedure, to change the court personnel, and to abolish the barbarous practice of incommunicado, by which a judge may imprison for life a person ignorant of the accusation against him and of the names of his accusers.

Clutching a Bag of Gold.

Victoria, B. C., April 3.—Isaac Jones, who has arrived here from Alaska on the steamer Amur, says that not more than 5 cents per pan was taken from any creek in the McQuestin and Stewart river districts this winter. All work was stopped by water. He also tells of the finding of two dead bodies in a tent on the upper Stewart river. One was clutching a bag of gold. There was no clue to their identity.

Replies to Statements in Regard to That Alleged Turnpike "Conference."

Was Not Present at Any Such "Conference," and Had No Connection With It—A Plain Statement.

MAYSVILLE, KY., April 3rd, 1899.

Editor of the Bulletin: It is seldom that I seek the columns of a newspaper to correct deliberate misstatements of fact in regard to my own affairs, and I do so in this instance only because the correction is due to the people of this county whose interests are the same as those of its humblest citizens and whose public officers I have always found to be considerate, honorable and just.

I had I adopted this course earlier and made public, through the press, facts derived from the official records of the county, then there would be little need now to contradict the statements of ill-informed and irresponsible agitators, or cite the testimony of intelligent and upright men. The people of this county would at all events have had some facts of real importance to consider, and would not now be struggling with embarrassments, from which the associate counties in the turnpike movement are entirely free. But it is simply impossible at this late date for meddlesome and incompetent promoters to excuse errors of policy and administration by denials of fact. If there has been any errors in the business of the situation they certainly were not mine, and the best proof of this is that the same propositions for settlement submitted here were found to be satisfactory and acceptable elsewhere. For once in her history, the fine old county of Mason has been strangely deceived and misled.

My special object in writing this card is to authorize (as it were) in the premises of the court itself now in session, a complete and unqualified denial of all current reports, of whatever character or from whatever source, concerning my alleged connection with a certain "turnpike conference" called by whom I know not, and for what useful or practical purpose I can not conceive, and asserting my acceptance of a proposition unofficially and irresponsibly made after I had arranged a contract with the committee appointed by the County Judge for a lease of the pikes. I was not present at a conference at Mr. L. W. Robertson's office, or elsewhere. I was not informed that such a conference would take place. I did not know that such a conference would be or had been called. I would not in any circumstances have taken part in a conference thus arranged, nor would I for a single moment have considered, seriously or otherwise, any proposition proceeding from such a source. Nor in the interest of the State, of the city, and of many private stockholders could I have accepted from any court or "conference" one dollar less than my original demand.

The Board of Magistrates—capable and incorruptible men—had practically accepted my valuation of the road in leasing it at 6 per cent. on \$80,000, and was it reasonable to expect that the owners of the property would, in selling it, accept \$23,000 less? In fact would it not have been more reasonable to expect that knowing as they did the original cost of the road, they would be disposed to demand more? It would be easy enough, as any tax-payer well knows, to parallel such a highway for less money, but it could not be duplicated as we all know for twice the amount. These are facts and figures which no conference can alter or effect; nor does it need a conference to tell us that for the final settlement of this matter nothing is required but a little knowledge of public business coupled with common prudence, common honesty and common sense, qualities which have always been ascribed to the good people of Mason County, and which certainly are not wanting to their representatives on the bench.

It is upon the sober second thought of both Magistrates and people that the owners of this property confidently rely. Mason County was a mongst the first to advocate free turnpikes. It is to be hoped she will not be the last to secure them, on just and honorable terms.

In closing this communication, I wish to repeat with emphasis my denial that I was present at the Court street conference. It has been said that Messrs. Thompson, Rice and Ryan were also present. These gentlemen declare emphatically that they were not present at that conference or any other of like character, at Mr. Robertson's office or at any other place.

These denials which can be easily supported, if necessary, acquit these gentlemen as well as myself of all responsibility for the alleged conference and its results. Respectfully,

W. W. BALDWIN.

A lazy liver may be only a tired liver, or a starved liver. A sick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lags in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretion of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

THE temperature was down to 26° Sunday morning, and was at the freezing point again last night. A light snow fell Saturday and again last night. A year ago to-night there was a heavy snow, and during that cold snap the temperature dropped to 20°. Some fruit trees were in full bloom.

AS THE westbound F. F. V. was entering the city Sunday afternoon a cylinder head blew out, partially disabling the engine, No. 75. It was sidetracked at the depot and the engine of the Maysville accommodation took the train to Cincinnati. The accident caused a delay of about half an hour.

"OLD GLORY."

Enjoyable Entertainments by Home Talent at the Opera House Thursday and Friday Nights.

The Patriotic Drama "Old Glory" This Week.

The entertainments to be presented at the opera house Thursday and Friday of this week deserve the patronage of every citizen of Maysville, aside from the worthy cause in which they are to be given, that is as a benefit for the Washington Fire Company. The performance will be from an artistic point of view, one of the best that Maysvillians have had the pleasure of seeing presented by home talent. The beautiful new comedy-drama "Old Glory" is to be presented. As the name signifies it is patriotic. The plot is intense, the action terse and the comedy good. The story opens in New York City, the scene changes to Cuba under the Spanish rule. It shows how loyal an American woman can be to save her lover.

Entertaining specialties will be presented between the acts, doing away with the tiresome waits. "Frolic of the Fairies," by ten of our pretty little girls, "The Dance of the Gypsies," by twenty of our society boys and girls, a charming dance by two dainty little Misses and Miss Dewitt's own fancy dances and her buck and wing dancing. Are you going? The seats will be on sale Wednesday morning at Nelson's, at 9 o'clock.

Judge Bullock, of Lexington, Elected President of This Turnpike Company.
List of the Directors.

A lively interest was taken in the annual meeting of the stockholders of the Mayeville and Lexington Turnpike Company held this morning at 10 o'clock at the office on Court street. Several gentlemen were present from Lexington, and State Inspector Lester represented the State.

The following directors were chosen: A. J. Gorham, W. B. Skinner, L. E. Pearce, J. A. Reed, J. D. Wooley, H. C. Swift.

All the new directors were from Fayette County except Dr. Reed.

County Judge F. A. Bullock, of Lexington, was unanimously chosen President.

This completed the business of the stockholders and President Bullock announced that the directors would meet at 12 o'clock at the Central Hotel to elect a Treasurer and other officials.

That a move has been on foot to oust Colonel W. W. Baldwin from the management of the road was apparent, and his opponents, after the election of directors, were claiming a complete victory.

The Crowds Are Coming..

The first day at Hechinger's selling-out sale indicates that the people are going to take advantage of it. As unseasonable as the day proved to be, hundreds of customers were compelled to await their turn to be waited on. The efficient force of salesmen handled the crowds nicely and at the wind-up of the day's business it is believed all were waited on satisfactory.

The stock being so large and consisting only of new choice goods, is a guarantee to those who perhaps find it inconvenient to attend the sale at its commencement, that they can rest assured that they will find the correct things no matter when they come.

CHECK WAS NO GOOD.

Mr. Langhorne Anderson Has an Unpleasant Experience With a Slick Sharper Who Was Buying Horses.

[Equine.]

There was decided excitement Friday in horse circles—that is, among those interested in the buying and selling of horses in this city. There was an unusually large number of gentlemen engaged in this line of business in the city, due to the big sale of Pearce, Anderson & Co., at the stock yards. They had been to considerable expense to advertise the attraction, and had drawn here noted buyers and sellers from all over the country. Wednesday a matinee was held at the horse market to exhibit the animals that had been sent there for sale, and a great crowd was present. It was soon rumored that a noted buyer of horses for export was present from New York, and that he had looked at some of the finest horses offered. Those who had made a specialty of buying a high grade of horses in the country, and who have done considerable business with exporters, were very anxious to capture the new arrival. Among the first to do so was Langdon Anderson, and he found a very plausible gentleman of the name of Baker.

The stranger announced that he was in the field for an exceptionally good line of horses, and price was no object to him. Mr. Anderson had a very excellent array of horses that he had picked up in his travels as tobacco buyer for the Bodmann Warehouse Company. Particularly prominent in his array were two black horses. These had won the admiration of scores of people that looked at them, and \$700 had been offered for them. They were exhibited to Mr. Baker, and he promptly bid \$900, it being a private sale.

As soon as everything was made satisfactory Mr. Baker turned over a check to Mr. Anderson for \$1,100 drawn on the Bank of America, of Chicago. The gentleman stated to the horseman that he had been here for several days and proposed to remain during the sale, and while not particularly anxious for the \$200, would like to have it if it would not inconvenience Mr. Anderson. The latter promptly gave him an order for the balance on the Bodmann Warehouse Company, such as he had been in the habit of doing on all transactions.

The probabilities are that had Mr. Anderson conducted this deal as he is in the habit of doing, allowing nobody to know anything about it, he would be out \$200. Friday morning at the sale he began asking a few questions of people who had transacted business in Chicago regarding the Bank of America and was telling people of his good sale. The check in the meantime had been turned over to the horse people, and they had sent it to the Equitable National Bank for deposit. Early in the morning word was sent from that institution out to the horse market that there was no such bank in Chicago. Of course this created consternation in the circle at that point. Mr. Anderson promptly called up the Bodmann Tobacco Warehouse and stopped payment on the order, explaining the situation. It was stated that it had not been presented, and all day a lookout was kept for Mr. Baker, but he failed to materialize.

Opposing Candidates Have a Social Chat. (Louisville Post)

Dr. J. M. Frazee, of Maysville, and Col. Lon B. Hall, of Louisville, opposing candidates for the Democratic nomination for Commissioner of Agriculture, enjoyed a social chat together in the lobby at the Willard. Each is confident of winning the place on the State ticket. Both are popular, Col. Hall having been the Democratic candidate for Commissioner of Agriculture in 1895.

Dr. Frazee is an ex-member of the State Legislature from Mason County.

"Politics has not warmed very much in my particular corner of the State," said Dr. Frazee this morning, "but there will be plenty of interest up in that part of Eastern Kentucky long before the June convention takes place."

"It is as yet hard to pick the favorites, however."

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

No change of importance is to be reported relative to our tobacco market for the week. Good and spirited bidding continued throughout. The offerings were quite large, as were receipts, and prices remained in about the same range as quoted in our last. Low and medium grades of the new crop are proportionately outselling the better goods, which latter, however, are bringing fair prices, considering condition. Very little old stock is now offered, and in these goods the better grades are now the best sellers, reaching up to 17c. and 18c., while low grades are not in as quick demand at ruling figures as they were a month ago. Altogether the sales were satisfactory, mostly farmers' tobacco, and with an average proportion of rejections.

As nearly all of these goods are taken by the manufacturers there are no accumulations of stocks in the market; on the contrary, they continue to reduce, and matters look favorable for a good, strong market right along. There seems to be sufficient competition among manufacturers to uphold prices at least.

Haverly's Minstrels.

Considerable interest has been aroused among the amusement patrons of this city in the appearance of the great J. H. Haverly's American-European minstrels at the opera house to-morrow night.

Col. Haverly has always been the leader in the minstrel line and organized companies that were far above all others, both numerically and artistically speaking. This time, however, he advances a step and even out-does his greatest efforts by presenting a company composed of the cream and pick of the entire minstrel profession. If you enjoy a minstrel entertainment you should be on hand to-morrow night.

It won't cost a cent admission to the mystery tea, and not much more to get out. A very elaborate lunch will be served.

FARMERS, READ THIS!

We have placed our order for two car-loads of **WOVEN WIRE FENCE**, which will arrive in a few days. This Fence will be in three heights—28, 34 and 41 inches.

This is the Very Best Field Fence

on the market. We have bought it at a price that will make it cheaper than you can afford to buy the wire and build your fence. We would advise you to place your order before it goes higher.
